## CULTIVAL BEHIND THE SCENE...

Cultural is a genuine cultural outings agency, bringing together professionals who are passionate about culture and performing arts.

The agency was created 15 years ago with the aim of helping visitors discover what goes on behind the scenes of Parisian Theatres. Among the first theatres that joined us in this adventure were the Théâtre des Variétés, the Opéra Comique, the Théâtre Marigny, the Théâtre de la Porte Saint-Martin and the Théâtre des Bouffes-Parisiens.

These backstage tours have quickly become very popular, with a special success among organised group visits. The concept is so successful that barely 4 years after its creation, Cultural has been

entrusted with the management of the Palais Garnier guided tours. The agency then went on to design an exclusive and unique Behind the Scenes Tour of the Eiffel Tower. This has been followed by the Cité des Sciences et de l'Industrie, the Muséum National d'Histoire Naturelle, the Fondation Pierre Bergé - Yves Saint Laurent, the Hôtel des Invalides, The Cité du Cinéma...

As a tourist and cultural operator, today Cultural is trusted by 25 Parisian monuments administrating their operations, bookings and marketing politics. The team consists of 25 members of full time staff and up to 100 field workers (such as certificated guides) who authenticate and share the history of these legendary places.

"Live culture differently" is the ethos of **Cultural**, through which the agency offers unique behind the scenes tours of the monuments for which Paris is renowned for.

Who has never dreamed of being locked in le **Palais Garnier**, just like the Phantom of the Opera?

To have access to the **Towers of Notre Dame** after closing time?

# MONTMARTRE MUSEUM, THE PARIS OF ARTISTS

- Guided tour
- 90 min
- No backstage access
- Open to individuals

© J.P. Deflagarde

Montmartre, a historic and touristic area, was not always as it is today. Poor, dangerous and frivolous, this out-of-town spot which acted as a refuge for marginalised artists and was the birthplace of several artistic movements, is now one of the most beautiful areas of Paris and an entertainment hotspot. This visit will take you back through time and history. Firstly, you will discover the Renoir gardens, named in honour of the painter and a real haven of peace overlooking the last remaining vines and the site of the famous paintings 'Dance at the Moulin de la Galette', 'The Swing' and 'The Gardens of rue Cortot'. Your guide will then take you to an 18<sup>th</sup> century residence, home to a whole host of souvenirs and collections: the French Cancan, Shadow theatre, cabarets with the famous Chat Noir and the arrival of the Moulin Rouge. Your visit will then take you to the famous workshop-flat where Suzanne Valadon and her son Maurice Utrillon lived. This astonishing reconstruction opened in October 2014 immerses visitors into the atmosphere of artists' workshops where paintings, palettes and easels intertwine, offering a breathtaking view over the city of light.

# THE COVERED PASSAGES OF PARIS

- Guided tour
- 90 min
- No backstage access

Four routes to choose from: The Marais, Ile de la Cite, St Germain-des-Prés, Montmartre.

What is the best way to learn the history and the richness of the French capital, than by learning about its most emblematic districts? In accordance with the itinerary selected: your guide will tell you about the origin of the name Marais; or you will be left speechless in the heart of the "cradle of Paris" in front of the Gothic jewel that is the Notre-Dame or better still, you will be immersed into the distinct aura of St Germain.

If you prefer to find yourself in a delightful interlude far from the incessant rhythm of traffic, the tour of Montmartre awaits you.

From the Palais Royal, your guide will carry you along the Galerie Vero Dodot with its beautiful art bookshops and onwards to the Galerie Vivienne, one of the most majestic passages with Italian mosaics on the floor and a glass roof. The Galerie Vivienne will lead you to the Galerie Colbert, where exhibitions are regularly organized. Philatelists will appreciate the Passage des Panoramas leading to the Grands Boulevards made famous by Yves Montand's songs.

Very popular in the 19<sup>th</sup> century as the fastest way to the Grands Boulevards from the Palais Royal, the thirty remaining roofed passageways (formerly 140) enable you to plunge into a "time warp", cut off from street bustle. Today, one can find all kinds of shops here, as well as some cafés and especially, the remnants of a recent past where strolling and parading oneself was an essential activity of daily life.
