Cultural behind the scene...

Cultural is a genuine cultural outings agency, bringing together professionals who are passionate about culture and performing arts.

The agency was created 16 years ago with the aim of helping visitors discover what goes on behind the scenes of Parisian Theatres. Among the first theatres that joined us in this adventure were the Théâtre des Variétés, the Opéra Comique, the Théâtre Marigny, the Théâtre de la Porte Saint-Martin and the Théâtre des Bouffes-Parisiens.

These backstage tours have quickly become very popular, with a special success among organised group visits. The concept is so successful that barely 4 years after its creation, Cultural has been entrusted with the

management of the Palais Garnier guided tours. The agency then went on to design an exclusive and unique Behind the Scenes Tour of the Eiffel Tower. This has been followed by the Cité des Sciences et de l'Industrie, the Muséum National d'Histoire Naturelle, the Fondation Pierre Bergé - Yves Saint Laurent, the Hôtel des Invalides, The Cité du Cinéma...

As a tourist and cultural operator, today Cultural is trusted by 25 Parisian monuments administrating their operations, bookings and marketing politics. The team consists of 25 members of full time staff and 75 field workers (such as certificated guides) who authenticate and share the history of these legendary places.

Like all sumptuous and famous places, the Palais Garnier has its mysteries, myths and incredible stories. This is the angle from which we propose to approach this jewel of architecture. Your guide will narrate its history through the story of Erik, the mysterious man with a hideous face, more well-known under the name of the Phantom of the Opera. Having made the opera his home, the Phantom knows its entire history and can recount 1001 anecdotes and other curiosities. The short story by Gaston Leroux will thus serve as a thread throughout the visit, leading you beyond the great chandelier, stall No. 5 and the angel of the music, to reveal unsuspected splendours.

After hours tour of the Opera house's public areas (when the Opera is closed to the general public). Please come before the doors shut to the public at 16:45. The Palais Garnier, being a show site, for technical or artistic reasons, we cannot guarantee systematic access to the Auditorium.

SECRET SCENT OF THE OPERA - THEATRICAL TOUR

Take a magical detour to the Palais Garnier and fall under the spell of the enchanting story, 'The secret scent of the Opera'. Cécile Saglia, a former member of the corps de ballet who became an usherette following a tragic fall from the 13th step of the Grand Staircase, will tell you the legendary story of Selma Dagelsson, another famous dancer from the 1930s. Thanks to the resolve of her grandson, Alvar, we have recovered this story untouched of whose Cecile has chose to talk to us behind closed door, far from Parisian crowds. It takes place in the Opera Garnier, deserted after closing time. So what was the story of Selma Dagelsson? It would take an awful lot of ink to write it all down, so why not enjoy this captivating tale by Cécile, the voice and soul of the story, who teaches us how music and fragrances complement each other with their specific notes and tailored composition.

After hours tour of the Opera house's public areas (after the Opera shuts to the general public). This tour does not include a backstage tour of the Opera Garnier (premium offer proposed by the Opera Garnier itself). This visit does not include the access to the Auditorium.

THE COVERED PASSAGES OF PARIS

From the Palais Royal, your guide will carry you along the Galerie Vero Dodat with its beautiful art bookshops and onwards to the Galerie Vivienne, one of the most majestic passages with Italian mosaics on the floor and a glass roof. The Galerie Vivienne will lead you to the Galerie Colbert, where exhibitions are regularly organized. Philatelists will appreciate the Passage des Panoramas leading to the Grands Boulevards made famous by Yves Montand's songs. Very popular in the 19th century as the fastest way to the Grands Boulevards from the Palais Royal, the thirty remaining roofed passageways (formerly 140) enable you to plunge into a "time warp", cut off from street bustle. Today, one can find all kinds of shops here, as well as some cafés and especially, the remnants of a recent past where strolling and parading oneself was an essential activity of daily life.
